

FACET Micropleat 2400

Replacement Air Filters for Space-Gard 2400 Systems

- MSPG 2400 meets or exceeds original product specifications
- Designed for home and light commercial use for removal of 99% of particles 5 microns and larger
- Lasts up to 180 days — check every 30 days for maximum effectiveness
- Improves Air Quality in the home or commercial application

The MSPG 2400 is designed exclusively as a replacement air filter for the Space-Gard® 2400 filter system. It is a perfect replacement product and fits the existing 2400 housing without any special adaptations needed.

The MSPG 2400, when used and maintained properly, will both increase longevity and improve efficiency of your HVAC system. The MSPG 2400 media is designed to last up to 6 months. For particles 5 microns and larger, the efficiency reaches 99%. For particles as small as 1 micron, the efficiency reaches 95%. This filter will improve the air quality in your home.

* Space-Gard® is a registered trademark of Research Products Corporation. The name is used here merely to identify the types of products compatible with this filter.
